

LEAVE A LASTING LEGACY

a beach, a sea
threatening clouds, diving in swirling, foaming waves
sand grains disappear,
drying, diving back on

large footsteps next to small
prints of stories
encouraging, comforting, heartening
values of life

footsteps in the sand
people disappear: parties, events, meetings ...
rest, sleep

waves take the traces away
tracks erase, memories remain
engraved in the heart
a lasting legacy

"Highlighted by our Inner Wheel Thoughts"
respect, solidarity
tolerance, forgiveness
friendship
in short
a legacy into eternity
